Experience Letter

May 17, 2025

Aditya Kumar Dwivedi
Kanpur, Uttar Pradesh

Dear Aditya Kumar Dwivedi,

This letter serves as a formal experience certificate for your tenure at **Multifacet Softwares Systems Pvt. Ltd.**, where you were employed from **July 1, 2024**, to **May 17, 2025**, as a **React Native and React Developer**. Throughout your employment, you exhibited excellent technical skills, attention to detail, and a collaborative mindset that contributed significantly to the success of numerous projects.

Job Responsibilities

As a React Native and React Developer, your key responsibilities included, but were not limited to:

- **Mobile Application Development:** Designing and developing cross-platform mobile applications using React Native, delivering a smooth user experience on both iOS and Android platforms.
- **Web Application Development:** Building high-performance, responsive, and dynamic web applications using React.js, ensuring a seamless user interface.
- **Component Design:** Creating reusable and modular components, utilizing React hooks, state management tools like Redux, and optimizing components for maximum performance.
- **API Integration:** Integrating RESTful APIs and third-party services to enhance the functionality and performance of applications.
- **Testing and Debugging:** Writing unit tests using Jest and React Testing Library, conducting end-to-end tests, and debugging application issues to ensure reliability and high-quality delivery.
- **Version Control and Collaboration:** Managing source code through Git, and collaborating with other developers using GitHub/GitLab to ensure smooth version control and project management.
